## INFINITELY COMPLETE

INDIGO version II, Infiniment more complete

A super slim design and a capacitive multi-touch 15'' 4/3 screen which incorporates an integrated bar code reader (optional) at the front of the INDI-GO. It is a high performance fanless system, fitted with a choice of 4 processor options .

Its new even thinner base conceals all peripheral connection points. This, along with its ergonomic and aluminium manufacturing makes of this terminal one of the most elegant on the market.

Infinitely complete, the INDIGO adapts and excels in all points of sale environments.
